## Invitation

Bob Watt, manager of Wheatland Farm, and I wish first to express our appreciation of the patronage that has been given to our sales in the past. We trust that our old friends will return to the farm for our sale on March 6 and that we may see many new faces of breeders who will become our friends.

We feel that this is the best lot of cattle that ever we have been able to offer in a sale. Our aim to produce cattle of greater weight on shorter legs and with the maximum quality seems to be increasingly successful as the years advance. We give credit for this to the succession of improving sires that we have had at the head of Wheatland herd.

It will be noted that in this sale there are sixteen sons and six daughters of Wheatland Mascot and ten sons and six daughters of Rothes 4th. These two bulls we consider to be the best sires that we have had in service and are leading factors in making this sale offering the best that we have made to date.

We regret that we have not been able to secure the services of a competent photographer to make photographs of the individuals that are offered in this sale. However, practically all Shorthorn breeders of the Inland Empire are familiar with the type of Shorthorns that we produce and any breeders anywhere who have not seen our cattle are urged to make inquiries regarding them from breeders in the Inland Empire.

We invite all persons interested in improving livestock and particularly those interested in Shorthorns to attend our sale whether they wish to buy or just to get more information about this great breed of cattle. On sale day and on every other day throughout the year you will be welcomed at Wheatland.

C. J. BROUGHTON

# Guarantee Approved by American Shorthorn Breeders' Association

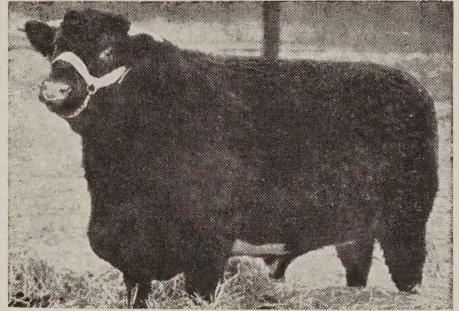

---

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls sold as separate lots are guaranteed breeders, provided they are not allowed to serve when under 14 months of age or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. Cows with own calves under four months of age by side are considered proven breeders. All other cows and heifers are guaranteed breeders, except that calves sold by side of the dam as one lot and heifers under 16 months of age at the time of sale are not guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows and heifers bred for more than three months, according to the service date furnished at the time of sale, but not proving in calf, must be reported to the seller within three months after date of sale; all others served within three months prior to the date of sale, not settled or proving to be in calf must be reported within six months. Females over 16 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. Any animal not proving up to the foregoing guarantee shall be replaced with another of equal value at the time of purchase to the satisfaction of the purchaser, but the seller may, if he desires, have the animal returned for a retrial for a period not to exceed six months. The expense of freight in such case is to be paid by the buyers. If the animal is then proved to be a breeder beyond doubt, it shall be returned to the purchaser at his expense. In case the animal proves to be not a breeder, the purchaser shall be given the option of having the purchase price refunded without interest, or of accepting a substitute as stipulated above. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply upon any animal later substituted.
5. All animals are sold subject to a 60-day retest for tuberculosis, or to comply with the laws regulating tuberculosis of the State or Country into which they may be shipped. Animals shall be segregated from the buyer's herd until the retest is made except the herd be a Federal Accredited one. All tests for tuberculosis, either test before sale or retest, shall be made by a Federal or State Veterinarian, or veterinarian deputized by the State Veterinarian, who is co-operating with Federal Veterinarian and qualified to do accredited herd testing. Purchase price to be promptly refunded upon proof of reaction, except that the purchaser shall agree to accept a substitute. Blood test will be made when it is required by the destination State or Country.
6. Certificates of registry and transfer will be furnished with each lot sold. Shipment will be made as soon as possible after the close of the sale and without trouble to the purchaser, but at his risk of loss or injury after being bid off.
7. TERMS: Cash, except other arrangements are made before the sale. All settlements to be made immediately after the close of the sale. The above guarantee and terms shall constitute a contract between the seller and purchaser of each lot.

He has a beautiful head and neck, wide, straight back with full deep hindquarters. His legs are short, straight and strong, placed properly under his body which is a characteristic of Wheatland Mascot calves. His dam, Wheatland Lady Dorothy was shown successfully for four years and is one of our first dark red cows. She has produced five good calves and is not yet seven years old, being the dam of Wheatland Chieftain also of Wheatland Ideal sold in our last sale to Geo. M. Bowers, Elko, Nevada for \$850.00.

## *For Reference Only*

This is an untouched snapshot picture of our famous young sire Wheatland Mascot. Any-one would admire his depth, perfect balance, shortness of leg and smoothness of flesh. The bulls listed in this catalog that are sired by him are the best we have ever bred. Like Wheatland Mascot, they conform to our slogan "More Weight on Shorter Legs."

He has a beautiful coat of dark red hair to go with his extremely deep, thick body and very short legs. His dam is a good red cow sired by the show bull Kenwood Brilliant.
